

## Thunderstorm Hazards--Encore Presentation

For most, spring flying is just around the corner. So are thunderstorms. With them comes lightning, hail, strong winds (including updrafts/downdrafts), torrential rains, low visibility and even tornadoes. In tis encore presentation, let us get reacquaint you with thunderstorms. We'll help you better understand the environmental conditions required for thunderstorms; the various cloud types and development stages; and show you how to get more from all the thunderstorm forecasting, reporting and detection tools at your disposal.

**Directions:** To attend the "Thunderstorm Hazards" webinar, please register using this link:  
<https://cc.readytalk.com/r/h7ythh4h6rth&eom>  
Once you register, you will receive a confirmation email that will contain your unique link to the webinar. You will not need to register on the faasafety.gov site to receive credit for attending this online webinar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
